

WVSSAC Coaches Education

Any individual who completed the Coaching Principles and First Aid class prior to November 2004 and did not obtain a Coaching Authorization issued by the West Virginia Department of Education, is not currently eligible for a Coaching Authorization because they do not meet the minimum requirements according to West Virginia Board of Education Policy 5202.

To satisfy the requirement, individuals who have completed two of the three courses, have the option to complete the 3-hour West Virginia Rules and Regulations course or may choose to take the entire course.

The 3-hour course will cost \$75.00 and will only be offered at the WVSSAC office in Parkersburg, WV. The entire course includes 14 hours of classroom instruction. The individual must be present for all 14 hours and must take and pass all three online tests to be eligible for the authorization. The fee for this course is \$250.00. The maximum class size will be 20 per class.

The dates, times, and locations of the courses are listed on the WVSSAC website (www.wvssac.org) under the Coaches Education link.
